________________________________________________________________________________
A.1 Cyprus is a Party to the following Conventions.

Information on Reservations and Declarations are provided where applied:

1. **International Covenant on Economic, Social and Cultural Rights (ICESCR), 1966**
   Ratification: 2 April 1969 - Law No. 14/1969

   *Objection dated 26 November 2003 with regard to the declarations made by Turkey upon ratification:*
   

   The Government of the Republic of Cyprus considers that the declaration relating to the implementation of the provisions of the Covenant only to the States with which the Republic of Turkey has diplomatic relations, and the declaration that the Convention is "ratified exclusively with regard to the national territory where the Constitution and the legal and administrative order of the Republic of Turkey are applied" amount to reservations. These reservations create uncertainty as to the States Parties in respect of which Turkey is undertaking the obligations in the Covenant, and raise doubt as to the commitment of Turkey to the object and purpose of the said Covenant.

   The Government of the Republic of Cyprus objects to the said reservations entered by the Republic of Turkey and states that these reservations or the objection to them shall not preclude the entry into force of the Covenant between the Republic of Cyprus and the Republic of Turkey."

2. **International Covenant on Civil and Political Rights (ICCPR), 1966**
   Ratification: 2 April 1969 - Law No. 14/1969

   *Objection by Cyprus dated 26 November 2003, with regard to the declaration made by Turkey upon ratification:*
   
   "...the Government of the Republic of Cyprus has examined the declaration made by the Government of the Republic of Turkey to the International Covenant on Civil and Political Rights (New York, 16 December 1966) on 23 September 2003, in respect of the implementation of the provisions of the Convention only to the States Parties which it recognizes and with which it has diplomatic relations.

   In the view of the Government of the Republic of Cyprus, this declaration amounts to a reservation. This reservation creates uncertainty as to the States Parties in respect of which Turkey is undertaking the obligations in the Covenant, and raises doubt as to the commitment of Turkey to the object and purpose of the said Covenant. The Government of the Republic of Cyprus therefore objects to the reservation made by the Government of the Republic of Turkey to the International Covenant on Civil and Political Rights.

   This reservation or the objection to it shall not preclude the entry into force of the Covenant between the Republic of Cyprus and the Republic of Turkey."

   "...The Government of the Republic of Cyprus has examined the declaration made by the Government of the Republic of Turkey upon ratifying the Optional Protocol to the Convention on the Rights of the Child on the sale of children, child prostitution and child pornography on 19 August 2002, in respect of the implementation of the provisions of the Convention only to the States Parties which it recognizes and with which it has diplomatic relations.

12. **Optional Protocol to the CRC on the involvement of children in armed conflict, 2000**

Ratification: 2 July 2010 - Law No. 9(III)/2010

**Declaration (Original: English):**

Pursuant to Article 3, paragraph 2, of the Optional Protocol to the Convention on the Rights of the Child on the involvement of Children in Armed Conflict, done at New York on 25 May 2000, the Republic of Cyprus declares:

1. The National Guard Law No. 20 of 1964, as variably amended, most recently in 2006, hereinafter “The National Guard Law”, provides that the obligation to military service in times of peace begins on 1 January of the year the citizen becomes 18 years old. Although military service is compulsory for all Cypriot citizens, women and some categories of males (e.g. clergymen) are exempted from military service in times of peace.

2. The National Guard Law also provides for the voluntary enlistment of citizens under 18 years of age who have attained the age of 17 by the date of their recruitment in the armed forces. The acceptance of volunteers to Military Service requires special authorization from the Minister of Defense. Volunteers must have recent written consent from their parents or legal guardians.

3. The recruitment, on a voluntary basis, by the armed forces at the minimum age of 17 years shall continue to be permitted under the conditions and with the safeguards provided in Article 3, paragraph 3, of the Optional Protocol.

4. Proof of age prior to recruitment is presented through the application of Section 4A of the National Guard Law providing for mandatory registration for all citizens with the appropriate authorities in the District of their normal residence once they reach the age of 16. Section 4A of the Law specifies that the data must be submitted in a written form and include, among others, details on the place and date of birth. It is a punishable offence to submit erroneous data at the time of registration.

5. The Republic of Cyprus understands that Article 1 of the Optional Protocol would not prevent members of its armed forces to be deployed where:

   a. There is a genuine military need to deploy their unit to an area in which hostilities are taking place; and
   
   b. By reason of the nature and urgency of the situation:

   (i) it is not practicable to withdraw such persons before deployment; or
   
   (ii) to do so would undermine the operational effectiveness of their unit, and thereby put at risk the successful conduct of the military mission and / or the safety of other personnel.

The above understanding is all the more necessary under the circumstances prevailing nowadays in the Republic of Cyprus as a result of the continued illegal military occupation of 37% of its national territory by a foreign State, Party to the Optional Protocol.

The following objection to the declaration made by Turkey upon ratification was made by Cyprus upon signature and confirmed upon ratification:

**Objection (Original: English):**

“The Government of the Republic of Cyprus has examined the declaration made by the Government of the Republic of Turkey to the Optional Protocol to the Convention on the Rights of the Child on the Involvement of Children in Armed Conflict, New York, 25 May 2000, on 4 May 2004, in respect of the implementation of the provisions of the Optional Protocol only to the States Parties which it recognizes and with which it has diplomatic relations.

In the view of the Government of the Republic of Cyprus, this declaration amounts to a reservation. This reservation creates uncertainty as to the States Parties in respect of which Turkey is undertaking the obligations in the Protocol and raises doubt as to the commencement of Turkey to the object and purpose of the Convention on the Rights of the Child and of the said Protocol. The Government of the Republic of Cyprus therefore objects to the reservation
made by the Government of the Republic of Turkey to the Optional Protocol to the Convention on the Rights of the Child on the Involvement of Children in Armed Conflict. This reservation or the objection to it shall not preclude the entry into force of the Convention on the Rights of the Child or the future entry into force of the said Protocol between the Republic of Cyprus and the Republic of Turkey.

The Protocol entered into force for Cyprus on 2 August 2010 in accordance with its article 19 (2) which reads as follows:

"For each State ratifying the present Protocol or acceding to it after its entry into force, the present Protocol shall enter into force one month after the date of the deposit of its own instrument of ratification or accession."

In ratifying the European Charter for Regional or Minority Languages, the Republic of Cyprus deposited on 26 August 2002, a declaration which appears to be incompatible with the
