2. **Preface:**

Human Rights Council of Balochistan, HRCB (‘Hakkpaan’ in Balochi) is a non-profit and non-partisan NGO, based in Sweden and France. It collects data from Balochistan through different sources, compiles reports on human rights situation in Balochistan and reports to the human rights organizations and mechanisms.

HRCB consists of the human rights activists who escaped Balochistan and somehow reached in West and/or Middle East, maintaining a connection with Balochistan.

We have news and reports of what is going on in Balochistan. We have seen how a land of more than 300,000 square kilometer be locked for any suspicious source of information transfer to the outer world.

We thus are update with the day-to-day situation of some parts of Balochistan, specifically Gwadar, Kech, Panjgur and Awaran districts.

CPEC had changed fate of the local indigenous people of the areas from where the road network from Gwadar deep seaport goes till Kashgar in China, connecting china and Pakistan.

Security forces would siege an area of more than fifty small villages altogether, sometimes for whole months, and keep searching each and every house and corners of the area, clearly in search of any person, mostly educated person of 14 to 55 of age, who may speak in favor of right of self-determination for people of Balochistan. Security forces, particularly FC, a paramilitary force having policing authorities in Balochistan, would abduct whole of mail populace and disappear them for unlimited time. Forces take away all the valuables of houses and would burn the houses at the end of most of such operations.

In many cases, security forces have abducted females of the house, when failed to find the man in house. Women are forcibly disappeared for more than ten days, in Awaran and reportedly in Dera Bugti regions of Balochistan, to make any political worker surrender the demand of right of self-determination for people of Balochistan.

Most of the abducted persons would reappear as dead. Sometimes their dead bodies are found dumped on roadsides bearing marks of severe torture (graphic pictures available) or in ‘encounters’.

Villages on the route are being forcibly evacuated by using the military power, wherever the road network require, mostly up to 50 and 100 KM from the road.
Balochistan practically went militarized by the suppression of the people’s voice. Security forces regularly siege the villages, burn houses, abduct and forcibly disappear the people. Most the abducted and forcibly disappeared persons in Balochistan are later found dead and their dead bodies dumped on roadsides and sometimes they are killed in fake encounters.

Media and human rights organizations are not allowed to visit Balochistan, human rights activists are abducted, killed or threatened to keep quiet. House of Bibi Gul, chairperson of BHRO, was burnt by security forces on 31st of August 2016 on the next day when she addressed a press briefing on the human rights violations in Balochistan.

VBMP, a group consists of the family members of missing persons in Balochistan has said many times that number of forcibly disappeared persons are rising day by day and too many of the disappeared persons are killed by security forces.

3. **Methodology:**

This report presents a brief background of the conflict that is reason of human rights violations in the region.

Report will discuss the actual situation of Balochistan, based on credible reports, below each Article of the covenant.

This report focusses the Article 1, 6.1, 7, 9 and 21 of the Covenant on Civil and Political Rights (herein called The Covenant or ICCPR), which Pakistan has signed and ratified on 23rd June 2010, as well as the report of Islamic Republic of Pakistan (herein called State/Pakistan) as State Party.

Security forces have adopted many patterns to eliminate persons and groups who campaign the demand of right of self-determination for people of Balochistan. Report will give a brief report of the generalized patterns of persecution in Balochistan.

The last portion of the report is consisting of appendixes of the cases of abductions and arbitrary arrests, enforced disappearances and extra judicial killings. In extra judicial killings, there are two generalized patterns recorded in Balochistan: Kill and Dump and fake encounters of the previously disappeared persons.
4. **Balochistan:**

Balochistan has the **lowest literacy rate** in Pakistan and most of the existing schools in Balochistan lack the very basic requirements. **Health facilities** are too much incompetent for the treatment of minor diseases even.

The socio-economic situation has created a wave of the demand of right of self-determination in people of Balochistan. State initiated Gwadar deep-sea port in Mekran region and construction of multiple road networks, which connect Gwadar port to Kashgar in China. Nationalist has shown their concerns and opposed the construction of road networks and other projects, linked with CPEC or China Pakistan Economic Corridor.

This difference of opinion is transformed to an armed conflict between armed nationalist groups and the security forces of the state. Many political parties emerged with demand of right of self-determination for people of Balochistan, which security forces tried to suppress.

Thousands of persons have been reportedly abducted and then forcibly disappeared by security forces, more than a thousand are extra judicially killed, houses on the route of the designed route have been burnt and/or forcibly evacuated by the security forces.

Balochistan is completely **locked**, no media and human rights organizations are allowed to visit, no humanitarian aid is allowed, even in times of emergency like **earthquakes** and floods, only to hide the mass killing of the indigenous people of Balochistan.

Reports from Balochsitan say that the political parties that oppose the **Gwadar Port** and **highway**, a part of **Pakistan China Economic Corridor**, are under heavy military suppression. Villages are being **forcefully evacuated** without assisting them for a resettlement.

Dozens of villages on the proposed routes of the highway from Gwadar deep sea port to Kashgar China have been attacked by security forces with the help of **military helicopters**, because the villagers opposed the proposed route and reportedly, mainly because they **opposed the project** itself. Even the forced IDP’s are under attack in the newly selected area for living, including in border areas of **Sindh** and **Panjab**.
5. **ICCPR and reports from Balochistan:**

Pakistan has ratified the ICCPR on 23rd of June 2010 and accepted its obligations towards the covenant.

Many legislative arrangements were made in the constitution, as per the state reports submitted to the committee, but the real situation show a completely different picture in Balochistan.

Listed below are some of the main clauses of the covenant and the reports from Balochistan.

### 5.1 Right of self-determination:

*All peoples have the right of self-determination. By virtue of that right they freely determine their political status and freely pursue their economic, social and cultural development. (Article 1, ICCPR)*

*Everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers. (Article 19, UNDHR)*

Even though the State has ratified ICCPR and UNDHR and had reported many legislative arrangements for the implementation but reports from Balochistan show an opposite picture. Hundreds of political workers have been abducted in Balochistan for demanding a right of self-determination for the people of Balochistan. Dozens of political workers, educationists, professors, human rights activists were found dead after they were forcefully disappeared by security forces. Many of them are killed in fake encounters, reports say.

Abduction of political workers started in 2005 and the extra judicial killings in 2006 with the murder of Akbar Khan Bugti, the veteran politician, ex-governor and ex-chief minister of Balochistan. It further accelerated with the abduction, enforced disappearance of extra judicial killing of Ghulam Mohammad Baloch, the central chairperson of BNM, Lala Munir Baloch, the central committee member of BNM and Sher Mohammad Baloch, a central leader of BRP in April 2009.

Two hundred and ninety one cases of extra judicially killing were reported Balochistan in the year 2016 and 117 during January to May 2017. While 1080 persons were ab ducted and forcibly disappeared by FC and other security forces in
2016 and around 625 persons during January and May 2017. Almost in all cases of extra judicial killing and enforced disappearances, the victim was persecuted for their direct/indirect involvement or suspicion of involvement in the demand of right of self-determination.

All the persons listed in the appendices in this report were campaigners and supporters of right of self-determination and this was the reason of their enforced disappearance, extra judicial killing.

5.2 Right to life:

_Every human being has the inherent right to life. This right shall be protected by law. No one shall be arbitrarily deprived of his life._ (Article 6.1, ICCPR)

_Everyone has the right to life, liberty and security of person._ (Article 3, UNDHR)

States would implement such articles by law through the institutions of justice and law. Confirmed reports from Balochistan state that the Frontier Corps and other security forces are abducting the people from the houses and main bazars, in front of public and then the dead body of the abductee would be found dumped on desolated places and in some cases abductees are killed in fake encounters.

All the persons listed in the appendices of willful killing, fake encounters and kill and dump, the security forces are perpetrator.

5.3 Torture or cruel, inhuman and degrading treatment:

_No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment. In particular, no one shall be subjected without his free consent to medical or scientific experimentation._ (Article 7, ICCPR)

_No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment._ (Article 5, UNDHR)

_No exceptional circumstances whatsoever, whether a state of war or a threat of war, internal political instability or any other public emergency, may be invoked as a justification of torture._ (Article 2, CAT)

Persons, who are abducted and then released by security forces, say that they have been tortured severely and to the very degrading level. They say their clothes were taken off, they were hanged heads down for days and nights. “There is a chain in your feet when you go wash room and wash room cannot be locked inside. The soldier wait for you outside the washroom. He will drag you out by chain with a force that you cant resisted to slip outside, and they drag within 3 to four minutes”, say a torture victim (available).
It is not only the individual victim persecuted, but also the security forces torture the whole families by abducting and forcibly disappearing the individuals. Thousands of persons are missing in Balochistan and dozens are being abducted on daily basis. The family of victims are kept unaware of the charges against the victim. Police and courts are also unable to provide any justice to the families.

The dead bodies of the forcibly disappeared persons show marks of severe physical torture and sometimes are unrecognizable. They bear marks of cigarettes, cuts on the chest and other parts of bodies and in many cases miss some parts of the body.

5.4: Arbitrary arrest or detention:

Everyone has the right to liberty and security of person. No one shall be subjected to arbitrary arrest or detention. No one shall be deprived of his liberty except on such grounds and in accordance with such procedure as are established by law.

2. Anyone who is arrested shall be informed, at the time of arrest, of the reasons for his arrest and shall be promptly informed of any charges against him.

Anyone arrested or detained on a criminal charge shall be brought promptly before a judge or other officer authorized by law to exercise judicial power and shall be entitled to trial within a reasonable time or to release. It shall not be the general rule that persons awaiting trial shall be detained in custody, but release may be subject to guarantees to appear for trial, at any other stage of the judicial proceedings, and, should occasion arise, for execution of the judgement.

Anyone who is deprived of his liberty by arrest or detention shall be entitled to take proceedings before a court, in order that that court may decide without delay on the lawfulness of his detention and order his release if the detention is not lawful.

Anyone who has been the victim of unlawful arrest or detention shall have an enforceable right to compensation. (Article 9, ICCPR)

No one shall be subjected to arbitrary arrest, detention or exile. (Article 9, UNDHR)

Balochistan is practically locked for every institution that can possibly be a source of transmitting information to the outer world. A conflict has risen since the beginning of 2000’s and shaped itself towards an intensified war in the region. The regions and areas we have access in, are showing a disturbing image of a huge human crisis.

There is a pattern of Enforced Disappearance, Custodial Death and Crime Against Humanity in Balochistan. Most of the houses and villagers burned by security forces are on the routes of a road network connecting Gwadar to China by road. Project is linked with China Pakistan Economic Corridor, a Sino-Pak multibillion project.

Villages from Gwadar, the town of deep seaport, to the last ends of the borderlines, were effected more. In 2017 only, there are hundreds of cases in Mekran and Awaran
regions only, in which security forces burnt the houses of villagers and/or forcefully evacuated the villages without arranging them any substitute.

Most of the men of these villages avoid being at home. Security forces would any time siege the whole village, search each and every house, take all the men and burn the huts and houses while leaving.

In August 2016, home minister of Balochistan government, Sarfaraz Bugti said in a press briefing that “…13,525 persons have been ‘arrested’ in Balochistan in year 2015 and 2016 under ‘National Action Plan’ in 2,825 military operations”. Names and details of none is made public yet neither some one has been produced into a court of law. Baloch Human Rights Organization from Balochistan issued a list of 1,080 cases of enforced disappearance in 2016 only. The original number of forcibly disappeared and/or extra judicially killed persons is unknown in Balochistan.

5.5 Right to Peaceful assembly:

Article 21: The right of peaceful assembly shall be recognized. No restrictions may be placed on the exercise of this right other than those imposed in conformity with the law and which are necessary in a democratic society in the interests of national security or public safety, public order (ordre public), the protection of public health or morals or the protection of the rights and freedoms of others.

The people, groups and organizations having an opinion of right of self-determination are not conduct any kind of meeting or gathering. Their silent and secret meetings are even attacked and the leadership and activists are abducted and then forcibly disappeared.

Hundreds of the political workers of the political parties like BNM, BRP, BSO, BRSO are forcibly disappeared, hundreds are extra judicially killed by security forces, on the party’s demand for right of self-determination of the people of Balochistan.

Even, Baloch Students Organization’s Azad faction is banned by Pakistan because it demands the right of self-determination of Baloch people. One of its top leaders, Zakir Majeed was arrested by security forces from a highway in 2009 and then forcibly disappeared till now.

Its Secretary General, Raza Jahangir was willfully killed in Turbat, Balochistan in 2014, along with a leader of BNM, Imdad Bojer Baloch. It’s Central chairperson Zahid Baloch and a leader Asad Baloch were arrested and then forcibly disappeared by Frontier Corps in Quetta on 18 March 2014 in front of his colleagues, who are available as eyewitness. Zahid Baloch was supposed to chair the peaceful meeting of his organization’s central committee. It’s another leader, the Information Secretary, Shabir Baloch was arrested in October 2016 and is still missing, when he was to attend another meeting of his organizations regional leadership in Pidark area of Mekran.
region. Beside all the court petitions, public protests, press conferences and even the cases submitted to the UN working group on enforced and involuntary disappearance. In October 2016, one of its leaders, 18 years old Khumar Baloch was killed in a combined attack of Frontier Corps and an Islamic militant group, locally called ‘Daash’, a local variant of ‘Daesh’, the official Arabic name of ISIS. He was attending a closed circle meeting of his organizations local leadership, when Islamist militants attacked the students from one side and when they tried to escape from other sides, paramilitary force, FC sealed the other routes and opened fire. No one knows Khumar Baloch was killed by bullet of security forces or the Dásh.

6. General patterns of persecution:

6.1 Burning the houses:

Burning the houses, and sometimes the whole villages, became a routine in Balochistan, now a days. Frontier Corps and other security forces would siege any village or area, any time, would drag all the inhabitants out of their houses, take away the valuables and finally set the houses and huts ablaze when they leave the village, taking almost all the male inhabitants of the village.

More than a hundred small villages were in a complete siege of military in Awaran region of Balochistan for almost a month. Forces started the operation on 18th of July 2015 in Awaran region of Balochistan, which was continued till 17th of August 2015. All the communication networks, exit and entries were blocked. Dozens of villages were burnt to ashes. Hundreds of civilians abducted. Forces used military helicopters for shelling on the settlements in mountainous areas.

Two villages of Dasht, district Kech Balochistan were set ablaze on the same day on 22 May 2017. Shólig and Kombél villages of tehsil Dasht, district Kech of Mekran division were sieged by Frontier Corps for hours and houses were burnt when the forces ended the siege.

On 19th of May 2017, Gazzi, Kohárhó, Surgarr, Táráji, Tármáh, Shash Banti and Nali villages were altogether sieged by security forces in tehsil Jhao, district Awaran. All the entries and exits remained block till five days and nights. Forces burnt dozens of houses in the villages.

6.2 Forcibly disappearing after abduction:
In 2007, HRCP submitted a petition in Balochistan High Court, against the abduction and enforced disappearance of 240 persons in Balochistan.

UN’s WGEID has shown its concerns on abductions and Enforced Disappearances in Balochistan in its 2012 report but have not yet made any progress of making a follow up visit in Balochistan.

Since then it became a pattern.

Situation has much accelerated since then. There is hardly a village in Balochistan whose members are not included in the lists of Baloch Missing Persons.

More than 1080 persons were forcefully disappeared and more than 290 persons were extra judicially killed in Balochistan in 2016 only. This is the data of almost 30% geographic area of Balochistan, where we have a little access.

Security forces are visibly involved in abduction in mass level. The abductees would be forcibly disappeared for as long as he is in custody in almost all the cases. The person, FC and security forces abduct from home, in front of all the family members and neighbors. Sometimes, in a huge number of cases, the forces abduct from a marketplace, Bazar, in front of all the public.

76 years old Bahot was shot dead by security forces in district Gwadar on 25th of April 2017, when he was requesting the security forces to not abduct his son.

On April 03, 2017, the father and two bothers of slain political activist were abducted, leaving the house with women and children and no bread earner.

6.3 Kill and Dump of forcibly disappeared persons:

Since the beginning of 2009, the disappeared persons stopped appearing alive. Supreme Court of Pakistan, Human Rights Watch, Human Rights Commission of Pakistan, Amnesty International, Asian Human Rights Commission and many other human rights organizations have compiled many reports accusing the security forces of Pakistan of abducting, torturing and killing the political opponents in Balochistan, since 2007. But the number of forcefully disappeared persons have increased day by day.

The phenomena of forcibly disappearing the persons started with Baloch political activists in 2005, when the office holders and ex-office holders of BSO were abducted from Karachi in March and disappeared for more than a year. Forcibly disappeared persons used to reappear alive after times, years or months, in most of the cases until 2009.
John Solecki, a UN envoy was kidnapped by nationalist militants in early 2009. Baloch nationalists formed a committee to negotiate with militant organizations and get the UN envoy released. Committee included Ghulam Mohammad Baloch of BNM, Zakir Majid of BSO and Sana Sangat of BRP. Committee played a key role and succeeded in release of the UN envoy. In April 2009, a few days before UN envoy was released, Ghulam Mohammad Baloch, a key member of the committee was abducted on gun point from the law chamber of his lawyer in Turbat town of Balochistan in a day time. Lala Munir, his party’s central committee member and Sher Mohammad Baloch, a central leader of BRP were abducted with him. Their dead bodies were found dumped in mountains, some 25 KM away from the Turbat town on evening of 8th of April.

Sana Sangat, another member of the committee and a leader of BRP, was abducted by security forces in December 2009 and his dead body was found dumped in the same area, 25 KM away from Turbat town, on 13 February 2013.

Wahid Abdul Karim was abducted by security forces from Awaran main bazar on 20 March 2017 and his dead body was handed over to the local Rural Health Centre by security forces on 22 March 2017.

Nazir Ghulam Rasool was abducted by Frontier Corps from Pirrótag village of tehsil Dasht district Kech on 28 February 2017 and his dead body was found dumped in Balnegwar tehsil Dasht on 14 March 2017.

Hasil Qasim, a school teacher was abducted form his house in Shápuk village of district Kech on 10th of March 2017 and his mutilated dead body was found dumped in Turbat Balochistan on next day.

6.4 Fake encounters:

26 years old student Sarfiraz Mohammad Hayat went missing from Hab Chowki, District Labela in August 2014. On 20 June 2016, the FC brought five persons in front of FC camp in Gajjar village of Mashkay district Awaran. They were lines up, blind folded and hand cuffed behind. All five were shot killed by the FC and their dead bodies were taken to the office of local levies. FC said they were killed in an encounter during a battle.

Others four persons killed along with Sarfiraz were two brothers, Ali Bakhsh Nabi Dad (60) and Allah Baksh Nabi Dad (40), Nek Muhammad Haebat (55) and Azim Khan Muhammad Khan (50). All of them were abducted earlier and killed in a fake encounter.

Baitulla, aka Master Baitullah, a school teacher and a resident of Dázen village of tehsil Tump, district Kech Balochsitan. He was abducted from main bazar of Tump, in front of the public, on 17 June 2015.

He was killed in a fake encounter on 27 April 2017, in Mand area of Kech Balochistan.

On 8 March 2017, FC and other security forces stormed into house of Suleman Durra, a local leader of BNM in Apsar area of Turbat town, district Kech. Suleman
was arrested and shot dead on the site, said the family of Suleman. Security forces claim he was killed in encounter.

Hanif Nabi bakhsh was abducted by FC from Korös-tank area of tehsil Dasht district Kech during a military operation and his dead body was handed over by FC to the local levies force on 05 March 2017, saying he had attacked security forces and was killed in encounter.

On 13th of November 2016, security forces handed over dead bodies of Gazzén Naseer Qambarani and Suleman Habib Qambarani, both relatives, to the Civil Hospital Quetta, claiming that they have attacked a convoy of security forces and thus were killed in encounter. While both of them were abducted from their houses on 7th and 10th of July 2015 respectively.

Dilawar Suleman was abducted by security forces from Awaran, in front of the family and local villagers on 13 August 2016 and his dead body was handed over to the local hospital on 19th of August 2016, saying he was killed in an encounter.

Noor Bakhsh Khan Jan was abducted by security forces during a military operation in Awaran on 30 July 2016 and his dead body was handed over to the local hospital on 19 August 2016. Forces say he was killed in an encounter.

6.5 Mass graves:

The mass grave that received a voice in Balochistan, was one of the twins found in Tutak area of Khuzdar region of Balochistan. A shepherd discovered a mass grave in Tutak Khuzdar on 25th of January and informed the local population. When the other people came to the mass grave, they found another one beside it. Military took control of the area and sealed it.

Eyewitnesses number the dead bodies more than 150 in one of the mass graves and around 100 in the other. There is no exact figure, just like the Missing Persons of Balochistan don’t have. But one persons was recognized in a Khuzdar’s January 2014 mass grave as Naseer baiyan from Awaran region of Balochistan. Nasser was abducted along with his brother Mohammd Umar, by security forces on 04 October 2013 from the Awaran. He was forcibly disappeared since then. His dead body was identified by the NIC being in his pocket.

Naseer’s body was handed over to the family and the rest were buried dumped, without confirming their identity.

Another mass grave was found in Paigur district of Balochistan in May 2011. Eyewitnesses count the number as more than a hundred mutilated and unrecognizable. Three dead bodies identified in the mass grave were Abid Shah, Safeer Ahmad and Abdul Sattar, abducted and disappeared by security forces on 15 August 2010.
6.6 Silencing the voices:

The local police in Balochistan does not file any FIR against the security forces. “When someone would be abducted by security forces and the family approaches police, the police would try to give the family soft threats and would do their best to avoid registering any case of enforced disappearance against security forces”, says Professor Ghani Parwaz, the coordinator of HRCP’s Mekran Task Force. Police would tell them not to take such a risk to take a fight against security forces, otherwise the rest of the family would also be unsafe, says Professor Parwaz, when we asked him about the process of documentation of the cases in local judicial system.

There is only one high court, in Quetta, the capital city of Balochistan, hundreds of miles away from a thousand villages. Court, for a petition, then asks for a copy of FIR, registered with police against the perpetrators.

More than a hundred reporters have been killed in Balochistan. One of them was a young journalist Ilyas Nezar, who was abducted from a public bus, when he was traveling back to Turbat from Quetta, on December 21, 2010. His mutilated dead body was found dumped around 25 KM away from Turbat town, after 2 weeks of his abduction.

Siddiq Aido, a well-reputed human rights activist and a regional coordinator of HRCP, was picked up from a public transport. Acknowledged Zahra Yousuf, the then chairperson of HRCP. He was not alone in the bus. Dozens of persons witnessed his abduction. He remained disappeared until when his dead body was found dumped on a roadside, in 2011.

When all the legal attempts from Balochistan failed to help in reappearing the forcefully disappeared persons, the families of the victims raised their voices through different peaceful means. Families sat up a camp in front of Quetta and Karachi press clubs. They marched for hundreds of miles, from Quetta to Islamabad, to raise awareness in civil society of Pakistan and request reappearance of their abducted family members. But all went with no results.

Families of the forcefully disappeared persons tried to raise their voices in front of Press Clubs in the main cities, i.e. Karachi, Quetta and Islamabad. Gradually the supporters of the families were targeted.

Abdul Razak Baloch, a journalist, was abducted in Karachi and then forcefully disappeared in March 2013. He was an editor in the news desk of Tawar, a Balochistan based Urdu daily, which publishes partially in Balochi and Urdu languages as well. He remained missing till in August 2013 his unrecognizable dead body was found dumped in waste ground in Karachi.

Sabeen Mahmood, a human rights activist and the director of T2F, a café and arts space, was shot dead soon after she arranged an event she names “Unsilencing
Balochistan: Take 2”, after LUMS, a Lahore University cancelled a scheduled talk which was titled as “Unsilecing Balochistan”.

Family members of forcibly disappeared persons and human rights activists were hosted by T2F in a discussion on the human rights situation in Balochistan. Sabeen was killed in less than an hour of the discussion.

7. Conclusion:

The respected committee shall launch an investigation on the human rights violations in Balochistan and ask Pakistan to allow media and human rights organizations in Balochistan to investigate the situation. At the same time, Pakistan must give international mechanisms access to the forcibly disappeared persons who are in custody of security forces.

Status of the State as a ratified state party shall be linked to the implementation and respect of the human rights covenants it has signed and ratified, not only on the written drafts of legislative arrangements.

8. Appendices:

8.1 Abductions and Enforced Disappearances

8.1.1

First Name: Zahid
Last Name: Baloch
Father’s Name: Illahi Bakhsh Baloch
Address: Naal, Balochistan
Abducted: 18-MAR-2013

Description:
Zahid Baloch s/o Illahi Bakhsh Baloch, a resident of Naal, Balochistan, was the Chairman of BSO-A when abducted. He was abducted on the evening of 18-Mar-2013 from Satellite Town, Quetta, Balochistan by Pakistan’s Intelligence Agency and Frontier Corps personnel. Current Chairperson of the BSO-A Karima Baloch and Lateef Johar Baloch, a leader of BSO-A are the eye witnesses of the abduction. Zahid Baloch holds a Masters degree in Political Science and is the father of three children. Amnesty International and several other Human Rights
Organization appealed Pakistan for the safe recovery of Mr. Zahid Baloch but no effort for this purpose has been conducted by Pakistan.

8.1.2
First Name: Zakir
Last Name: Majeed
Fathers Name: Abdul Majeed
Occupation: Student Leader
Date of abduction: 08-Jun-2009
Place of abduction: Kadh Kucha, Mastung, Balochistan

Description:
On 08-Jun-2009, Zakir Majeed was on his way from Parangabad market to a friend’s, Waheed Baloch, house when he was abducted. Waheed Baloch and Basit Baloch are eye witnesses of the incident. The eyewitness’s accounts have also been published by Asian Human Rights Commission on their webpage. It says: “His alleged abductors drove up in two cars without number plates and asked the young man a few questions, saying that they were intelligence agents. They took Zakir Majeed away with them in their cars without making any charges. One car was a Toyota Vego, the other a Toyota Surf SSR.” Zakir Majeed was a human rights activist and was working to raise the voice for the thousands of other innocent Balochs who have been abducted by the intelligence agencies of Pakistan and against the gross human rights abuses committed by Pakistani security forces in Balochistan. He is still missing without any trace. His sister Farzana started her campaigning as a human rights activist after her brother Zakir Majeed - a former leader of Baloch Students Organization was abducted.

8.1.3
First Name: Din
Last Name: Mohammad
Fathers Name: Qadir Bakhsh
Address: Mashkay, Awaran, Balochistan
Date of Birth: 1969
Occupation: Medical Doctor
Date of abduction: 28-Jun-2009

8.3.57
First Name: Chakar
Last Name: Baloch
Father’s Name: Khuda Dost Baloch
Age: 8 years
Address: Chitkan Bazar, Panjgur, Balochistan
Abducted: 07-Jan-2014
Dead body found on: 10-Jan-2014
Dead body found in: Kech River, Kech, Balochistan
Description:
Mr Khuda dost and his family kept on receiving threats from various Government sources in Panjgur, they include Frontier corps personals and plain cloth army men. Fearing for his and his family’s safety Mr Khudadost moved to Turbat city sometime in November 2013. He was a middle income landlord in Panjgur with his income coming from his various houses rented in Panjgur city and it was also supplemented by the farms that he cultivated. While moving to Turbat he had to leave all this source of income. By 07-Jan-2014 the security agencies had tracked their whereabouts when two men on motorbikes entered the street where Chakar was playing and picked him. At the end of the street two more motor cycles and riders wearing FC clothes were waiting for them. At the same day many other students were also kidnapped by FC from other areas in Turbat thus giving the impression that it was a random arrest. People who witnessed this act said that the motorcycles then joined a small convey of FC vehicles on the main road. Five of the men on these motorbikes could not be identified by the local people as they seemed to be Fc personals from outside of Turbat. One of them was identified as Mr Sajjad who was a worker in a transport company and was also known in Turbat as collaborator of ISI and FC. After Chakar’s abduction his Father could not go to the police station to file a missing report as he feared for his own life. He sent one of his relatives to file an FIR. The police refused to name the Frontier Corps and Mr Sajjd in the FIR. In the meantime Mr Khuda Dost was contacted by one local Muslim League N politician to conduct a press conference where he along with his son in law Dr Yousuf Murad should resign from BNM. Further they should put the blame of Chakars kidnaping on BNM and BSO. Once this is done then Chakar will be released unharmed.
Mr Khuda Dost could not convince Dr Yousuf who was residing in Dubai at that time to come back to Pakistan and conduct a press conference against the BNM. Thus the kidnappers’ this demand could not be met. Mr Chakar’s dead body was found from the Kech river on 10-Jan-2014.

8.3.58
First Name: Yousaf Raza
Last Name: Baloch
Father’s Name: Raza Mohammad
