3. Interinstitutional Commission on Equal Opportunities for Women and Men was established by the Government (hereinafter referred to as the Commission) on 7 March 2000. One of its main tasks is to coordinate the implementation of the measures of the National Programme on Equal Opportunities for Women and Men (hereinafter referred to as the National Programme).

4. With a view to strengthen the mandate of the Commission, a questionnaire on possible draft amendments to the Regulations of the Commission for Equal Opportunities for Women and Men (hereinafter referred to as the Regulations) was drawn up and sent out to the Members of the Commission on 29 December 2015. Taking into account the feedback received, draft amendments to the Regulation were prepared, where the following areas were addressed: entities eligible for delegating their representatives to the Commission, aspects of the participation of non-governmental organisations in the Commission, organisation of the work of the Commission, and strengthening the status of the Commission. Proposals on the draft amendments to the Regulations of the Commission were discussed at the meeting of the Commission on 18 February 2016.

5. With a view to strengthening the mandate of the Commission, its influence and representation of ministries, discussions were held on the possibilities of expanding the list of the institutions which could delegate their representatives to the Commission, with possible involvement of the Association of Lithuanian Municipalities and universities’ gender studies centres. The possibility of delegating high-ranked representatives, who would have a deputy in case of their absence, to the Commission was considered. The need to ensure the rotation of representatives from non-governmental organisations and academic sector in the Commission was discussed.
