Dear Ms Principi,

The Youth Initiative for Human Rights – Croatia hereby submits a Shadow Report on Croatia, for the Adoption of List of Issues Prior to Reporting in the 105th Session.

The report provides a comprehensive review of current human rights practices and situation in Croatia following the 2010 Committee Concluding Observations, with a focus in the area of transitional justice.

We hope our report will provide the relevant input and contribution towards the Country Taskforce's evaluation of human rights situation and its drafting of list of issues regarding Croatia.

Thank you.

With regards,
