

Annual evolution of registrations in civil records and national registry

Year	Persons registered in civil records	Persons registered in national registry
2013	4,611	27,998
2014	6,331	36,602
2015	8,882	37,148
2016	10,565	38,983
2017	10,836	39,525
2018	10,786	39,246
2019	10,696	41,542

The civil records' register indicates the persons for whom a civil status document has been delivered, whereas the national registry indicates the persons for whom an ID card was issued.
