## MAURITIUS POLICE FORCE

# STRATEGIC POLICING PLAN

2015 - 2018

## Strategic Policing Plan 2015 - 2018

### Foreword

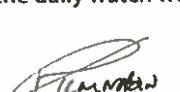

As Commissioner of Police, I am pleased to present the Strategic Policing Plan of the Mauritius Police Force for 2015–2018. This Plan is intended to serve as a road map to guide our organisation for the next three years. Working together with members of the community and other stakeholders, we will ensure the successful execution of this plan which is aimed at enhancing the quality of life of the citizens of the Republic of Mauritius. We will take full advantage of innovation and technology in policing in order to improve the level of public confidence.

We will achieve these objectives together by strictly enforcing the law in a firm, fair and impartial manner and by promoting law abiding conditions in our society. In this way we will ensure that the citizens can live, work and play safely in the knowledge that the Police are around performing their duties in a passionate and fanatical manner, infected with an incurable need to produce results without exceeding their powers.

We will direct the arrow of our effort towards creating safer communities. To that end, we will increase the crime preventing effectiveness of the Police by gradually refocusing our paradigm of crime control from one that is centered on offenders to one that is centered on places. By putting emphasis on reducing opportunities for crime at places, not on waiting for crimes to occur and then arresting offenders, we will adopt place-based policing as a new approach to crime prevention that will contribute to increase public safety while bringing about a decrease in human and financial cost of imprisonment for Mauritians.

We will use the forum of Community Policing to support the systematic use of partnership and problem-solving techniques, to proactively address the immediate condition that gives rise to public safety issues such as crime, social disorder and fear of crime.

Last but not the least, we undertake to remain faithful to the oath of allegiance and to serve our motherland without any fear, favour, affection or ill-will. We are committed to increase our level of accountability, by making judicious use of our resources and by constantly evaluating our strategies to ensure their relevance and effectiveness. Fairness, courtesy, honesty, respect and the well-being of the citizens will be the daily watch words in everything that we do.

  
K. M. Nobin, PMSM  
Commissioner of Police
